

A vibrant display of Shahy products is arranged on a wooden surface. In the foreground, there's a large tub of Shahy Chocolate Spread, a box of Shahy frozen vegetables (broccoli, carrots, green peas), a bag of Shahy pasta, and a bag of Shahy Premium Natural Strawberry. To the right, there are several bags of Shahy snacks: a bag of Shahy Premium Natural Strawberry, a bag of Shahy Premium Natural Strawberry, a bag of Shahy Premium Natural Strawberry, and a bag of Shahy Premium Natural Strawberry. In the background, the Great Pyramids of Giza are visible under a clear sky, with the Nile River flowing in the foreground. The scene is set in a lush green landscape with palm trees and a small boat on the river.

About

Ultra Techno Trade

Ultra Techno Trade is an Egypt-based export company specializing in delivering high-quality Egyptian FMCG and food products to international markets. Founded in 2022, the company connects trusted Egyptian producers with global importers, distributors, and wholesalers seeking reliable sourcing partners.

Our portfolio includes fresh, frozen and dried fruits and vegetables, herbs, pickles, ready-to-use food products, frozen juices, oils and pasta. All carefully sourced and handled according to strict quality and food safety standards. Through strong supplier networks, efficient logistics, and market expertise, Ultra Techno Trade provides dependable export solutions and competitive value to partners worldwide.

Vision

To introduce high-quality Egyptian products to global markets and position Egypt as a trusted source of competitive and reliable exports worldwide.

Mission

To provide international markets with the best Egyptian products in terms of quality, value, and reliability, while promoting the strength and diversity of Egyptian manufacturing and agriculture.

Goals

To become a leading export platform for Egyptian products, connecting local producers with international buyers and expanding our presence through strategic partnerships and future global branches.

Diversification

Diversification is a core strategy at Ultra Techno Trade. We continuously expand our portfolio to include a wide range of food products, FMCG goods, and other export-ready categories, allowing us to serve different international markets and meet customer needs.

Our Product Portfolio

Ultra Techno Trade, we offer a diverse portfolio of high-quality Egyptian products sourced from trusted farms and manufacturers. Other

We are able to supply a wide range of Egyptian-origin products, sourced from trusted manufacturers and farms, ensuring excellent quality, competitive prices, and full compliance with international export standards.

How Our Export Process Works

A structured and efficient workflow designed to ensure a smooth experience for international buyers.

Supplier Sourcing

We carefully select and collaborate with reliable and certified suppliers across Egypt to ensure consistent product quality and supply.

Sample Approval

Product samples can be prepared and shipped upon request to allow buyers to review and approve quality before production.

Export Documentation

Our team prepares all required export documents, including invoices, packing lists, and necessary certificates to ensure smooth customs clearance.

Product Specifications

We confirm all product specifications, quality standards, and packaging requirements according to the buyer's needs and market regulations.

Packaging & Private Label

We offer both standard export packaging and customized private label solutions tailored to our clients' branding requirements.

Shipment Coordination

We coordinate container loading, logistics, and shipping schedules to guarantee timely and secure delivery to international destinations.

Logistics

Ultra Techno Trade

At Ultra Techno Trade, we ensure efficient and reliable logistics solutions to deliver Egyptian products safely and on time to international markets. Through strong partnerships with trusted logistics providers, we offer flexible shipping options tailored to our clients' needs.

Logistics and international shipping

Air freight

We maintain direct coordination with leading airlines, enabling us to provide fast delivery, competitive rates, and secure cargo handling, ensuring products arrive in excellent condition.

Ocean freight

Through our partnerships with major global shipping lines, we provide cost-effective sea freight solutions, reliable schedules, and full cargo insurance to guarantee safe and efficient international transportation.

Land shipping

For regional markets, we arrange efficient truck transportation with competitive pricing while ensuring product quality and timely delivery to the final destination.

Certificates & Quality Standards

Ultra Techno Trade is a proud member of the Chamber of Food Industries and operates according to internationally recognized quality standards, including ISO 9001:2015 certification, ensuring consistent quality in our products and services.

We place strong emphasis on maintaining the highest standards of quality, food safety, and regulatory compliance throughout our supply chain. To guarantee this, we collaborate with trusted suppliers whose production processes comply with internationally recognized certifications, including:

- **ISO 9001:2015** – Quality Management Systems
- **GLOBALG.A.P** – Good Agricultural Practices
- **GRASP** (GLOBALG.A.P Risk Assessment on Social Practice)
- **HACCP** – Food Safety Management System
- **FDA Compliance** – Meeting international food safety requirements
- **NFSA (National Food Safety Authority – Egypt)** – Compliance with

Egyptian national food safety regulations

These certifications reflect our commitment to delivering safe, high-quality Egyptian products that meet international market requirements.

We are continuously working to obtain additional globally recognized certifications to further strengthen our credibility and ensure full compliance with global standards.

Our Global Markets

Ultra Techno Trade proudly exports Egyptian products to a growing network of international markets across the **Middle East, Africa, and Europe**. Through strong partnerships with distributors and importers, we supply a diverse range of food and FMCG products tailored to the needs of each market.
